TECHNOLOGY COMPANY

Turning technology into business value

Software • System Integration • Digital Transformation

CORPORATE PRESENTATION / 2026

OUR JOURNEY

2006–2022

Foundation and Growth

Building large-scale, innovative information systems for the public and corporate sectors, and launching Electronic Document Management and Electronic Payment systems.

2023–2025

Transformation and Renewal

Renewing our development strategy and management, migrating existing systems to modern, flexible platforms, and building a modern work environment and a strong team culture.

2026– ∞

Your ICT Integrator Partner

To be a distinguished and reliable partner in our clients' digital transformation through innovative technologies and services that meet global standards.

iktex
TECHNOLOGY COMPANY

OUR MISSION

To automate our clients' business processes by delivering advanced technology products and professional IT services, build long-term partnerships, and create real value.

OUR VISION

To be the partner of choice and trust in our clients' digital transformation through innovative technologies and services aligned with global standards, and to strengthen our position in the sector through sustainable growth.

We create

Delivering new opportunities and effective IT solutions.

We protect

Safeguarding data confidentiality, systems, and trust.

We develop

Growing people, technology, and business together.

We collaborate

Moving forward as a team by sharing knowledge and experience.

We are results-driven

Focusing on real business value rather than process.

OUR PRODUCTS

11

ready-to-use digital products

Products can be deployed as standalone applications or as part of a unified corporate ecosystem.

Unified approach

Management • Data • Automation

IXSignOn
Single sign-on

IXPeople
Human resources
